

# TAILORED IMAGE

...More than a Uniform

2020

## CORPORATE CLOTHING

# BROOK TAVERNER

SINCE 1912

## We believe in working, together.

Look your best with Brook Taverner

## Confident together.

Trusted as people, valued as suppliers.

What does that mean for you? It means we speak your language, are easy to work with and hold trust at the heart of our relationships. As we operate on a strict B2B basis, our collections are available exclusively via a network of corporate clothing specialists.

## Performing together.

If you look good, we look good.

Performance starts with a good quality fabric. As seasoned tailors, we know what combinations work and, maybe more crucially, which don't. Our extensive range of garment fits, styles, colours and fabric finishes are designed to meet the most demanding of applications. Our investment in stock and variety is your guarantee to a successful uniform rollout.

## Progressing together.

We have been building partnerships with our customers for over 100 years.

We don't stand still at Brook Taverner; we are progressive in business. We invest to keep our ranges current and work hard to preserve longevity of styles. If we keep ahead, then you keep ahead.

## Responsible together.

We are committed to running a responsible, environmentally respectful and sustainable business, and we will endeavour to continuously improve our environmental performance where possible.

You can find out more by visiting us online at [www.brooktaverner.com](http://www.brooktaverner.com)

Hotels	Front of house	Hospitality	Retail	Facilities Management	Security	Leisure & Events
Transport	Travel	Office teams	Financial & Banking	Management	Health sectors	Education

# SUSTAINABILITY

## ...IS AT THE HEART OF EVERYTHING WE DO

Brook Taverner is committed to operating a responsible, environmentally respectful and sustainable business, so you can be confident that not only will your team look good, they will feel good too.

We endeavour to continuously improve our environmental performance where possible and are proud to work with suppliers who share our views and values.

We are proud to say that all of the fabrics used when manufacturing our clothing have been certified according to STANDARD 100 by OEKO-TEX®. This test is performed uniformly around the world by independent OEKO-TEX® institutes and ensures that there are no harmful substances added during any steps of textile process, from the thread to fabric production.

STeP by OEKO-TEX® is a key certification in our supply chain. This ensures fabric mills operate in a safe, transparent and environmentally respectful manner, specifically demonstrating excellent levels of compliance in the following 6 areas: chemicals management; environmental performance; environmental management; social responsibility, quality management; and health protection & safety at work. Currently 2 of our Collections qualify for STeP accreditation. It is our aim to have this certification for a further 4 Collections by mid 2020.

Committing to the ETI Base Code helps us to guarantee that the products we manufacture have not been made at the expense of workers in global supply chains. We ensure that all elements of our supply chain strictly follow the ETI Base Code, which encompasses a breadth of international labour rights, such as working hours, health and safety, freedom of association and wages.

We work closely with Sedex®, one of the world's leading ethical service providers, to continuously better manage and improve our ethical performance across our global supply chain. This includes working together to improve working conditions, drive responsible sourcing improvements and implement measures to protect the environment. Frequent factory audits ensure all the above is adhered to.

## BROOK TAVERNER SUSTAINABILITY DAY IN, DAY OUT

Very Durable - Martindale  
Test > 80,000 rubs

All Brook Taverner fabrics are designed and tested both in the laboratory and in real life environments. This is your guarantee that your corporate clothing will perform in today's demanding workplace, offer longevity of life and continue to look great long after the roll-out.

NANO PROTECTED  
FABRICS®

Certain Brook Taverner Collections benefit from a Teflon or Nano-Protection coating. Not only do these repel water and other liquids and add to the durability of the garments, they also give long lasting protection from dust, dirt and stains. This means these Collections will need to be washed less frequently, using less energy and water during the garment's lifetime.

All Brook Taverner Collections are machine washable - which saves time, money and the planet, as machine washability means there is no need to have garments or suits dry cleaned.

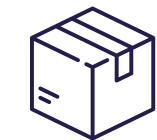

45 Recycled bottles  
per suit

2020 sees the launch of new styles in certain Collections which will use recycled polyester in the fabric blend. This move, which will continue throughout those Collections in the future, sees up to 45 plastic bottles per suit saved from landfill! We see this as a significant innovative step and a major part of our sustainability commitment moving forward.

We are committed to running a sustainable business on every level. Recent achievements at our head office include:

- Upgrade of our lighting to low voltage LED bulbs
- Installation of a highly efficient Biomass wood chip boiler
- Implementation of plastic, metal and general waste recycling programs
- A minimum of 66% of the cardboard (and up to 100% in some cases) used in our UK-made packaging is made from recycled material! The cardboard can also be recycled again!
- The protective packaging on our hanging garments and shirts and blouses is made from recycled material and can be recycled after use
- Every clothes hanger used in our Collections is made from recycled material, and if you don't reuse it, can be recycled again!

Further information on our CSR & Environmental Policies can be found on our website

be dry cleaned

# PERFORMANCE COLLECTION

## ALL-ROUNDER

In corporate wear, style, fit and comfort are so often compromised in favour of durable fabrics. Our Performance Collection perfectly balances high quality tailoring with cutting edge Shape Memory Technology. A wide range of fits and styles has created a go-to all round performer offering unrivalled value. 2020 brings two new styles benefitting from improved fabric attributes, Lycra and recycled polyester.

45 Recycled bottles  
used per suit

2020 sees the launch of the EDITION jacket and MERCHANT skirt, the first styles in the Performance Collection to use RECYCLED POLYESTER in the fabric blend. As part of our commitment to sustainable sourcing and manufacturing, this simple fabric change diverts 45 BOTTLES PER SUIT from landfill, reducing soil contamination and air & water pollution. What’s more, recycled polyester requires less energy in production than virgin polyester. These styles are also the first to benefit from the addition of LYCRA to the fabric blend, which will increase the fabric stretch to 15% and enhance wearer comfort even more. Recycled polyester and Lycra will be rolled out throughout the entire PERFORMANCE COLLECTION during 2020.

ROSEWOOD JACKET

7.5%  
Mid Level  
of Stretch

High Level  
of Crease  
Resistance

In corporate wear, style, fit and comfort are so often compromised in favour of durable fabrics. Our Performance Collection perfectly balances high quality tailoring with cutting edge Shape Memory Technology.

2020 brings two new styles benefitting from improved fabric attributes, Lycra and recycled polyester.

STeP by OEKO-TEX® is a key certification in our supply chain. This ensures factories operate in a safe, transparent and environmentally respectful manner.

45 Recycled bottles used per suit
